

Become An Angel Investor

Where Investors Become Angels

You're ready to make a difference in Nevada's StartUp ecosystem, to make a smart investment decision that really matters – both in earning potential and community impact. The 2021 AngelNV Conference is the right place to discover those scalable businesses –ones worth your time and investment.

Through our 10-week program, investors will collaborate with other soon-to-be angels and leverage experience to mitigate risks, learn about investing, review deals, and narrow the applicants to six ready-to-go finalists. On March 25, those top six StartUps will present their final pitch at the 2021 AngelNV Conference, where investors will choose which StartUp takes the entire \$200,000 fund.

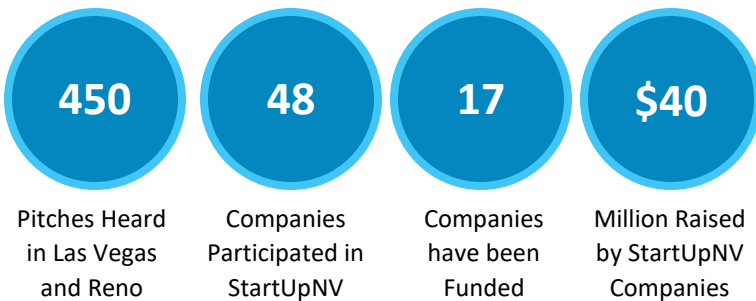

Benefits

As an Angel Investor, you will:

- Create you own network of angel investors
- Have available access to good deal flow
- Gain exposure to different industries
- Evaluate companies at different StartUp stages
- Participate in one pooled investment vehicle of \$200,000
- Gain membership to the Angel Capital Association (ACA)
